CONTENTS OF VOLUME 10

Acevedo, I. See Guic-Robles, E.

Ackil, J. E., Weese, G. D., & Frommer, G. P. **Responses induced by stimuli that predict lateral hypothalamic stimulation** 129

Altman, H. J. See Quartermain, D.

Andrus, R. G. See Kesner, R. P.

Aramburu, B. See Guic-Robles, E.

Barry, R. J. **Anticipatory changes in state, dual-process theory, and preliminary OR processes** 209

Becker, H. C. See Flaherty, C. F.

Beninger, R. J., & Freedman, N. L. **The use of two operants to examine the nature of pimozide-induced decreases in responding for brain stimulation**..... 409

Ben-Shakhar, G., & Lieblich, I. **Similarity of auditory stimuli and generalization of skin conductance response habituation** 331

Berntson, G. G., & Torello, M. W. **The paleocerebellum and the integration of behavioral function**. 2

Boelhouwer, A. J. W., Gregorič, M., van den Bosch, W. E. J., Schomaker, L. R. B., & Brunia, C. H. M. **Habituation of the human blink reflex: The effect of stimulus frequency and the state of arousal** 325

Braun, J. J., Lasiter, P. S., & Kiefer, S. W. **The gustatory neocortex of the rat**..... 13

Breuer, P. See Szirtes, J.

Brunia, C. H. M. See Boelhouwer, A. J. W.

Bunnell, D. E. See Gliner, J. A.

Chafetz, M. D., Evans, S., & Gage, F. H. **Recovery of function from septal damage and the growth of sympathohippocampal fibers** 391

Cleeves, L., & Green, S. E. **Effects of scopolamine on visual difference thresholds in the pigeon**..... 306

Cloud, M. D., Meyer, D. R., & Meyer, P. M. **Inductions of recoveries from injuries to the cortex: Dissociation of equipotential and regionally specific mechanisms**..... 66

Coles, M. G. H. See Porges, S. W.

Conley, E. J. See Treichler, F. R.

Corwin, J. V. See Vicedomini, J. P.

Coulombe, D., & White, N. **Posttraining self-stimulation and memory: A study of some parameters**.. 343

Cross, J. D., & Goodman, I. J. **Modified retention of punishment with unilateral, single-pulse stimulation of amygdala but not hippocampus** 417

Deitz, S. R. **Individual differences in electrodermal response conditioning and self-report of discomfort: A phobia analogue**..... 239

Devenport, J. A. See Devenport, L. D.

Devenport, L. D., & Devenport, J. A. **The effects of adrenal hormones on brain and body size**..... 399

DeVietti, T. L., Emmerson, R. Y., & Wittman, T. K. **Disruption of latent inhibition by placement of an electrode in the dorsal hippocampus** 46

Driscoll, C. See Flaherty, C. F.

Emmerson, R. Y. See DeVietti, T. L.

Emurian, H. H. See Ray, R. L.

Evans, J. C. See Thornton, E. W.

Evans, S. See Chafetz, M. D.

Fanselow, M. S., & Sigmundi, R. A. **The enhancement and reduction of defensive fighting by naloxone pretreatment**..... 313

Feldon, J., Rawlins, J. N. P., & Gray, J. A. **Effects of lateral and medial septal lesions on response suppression maintained by response-contingent and response-independent shock** 145

Ferek, J. M. See Mactutus, C. F.

File, S. E. **Colony aggression: Effects of benzodiazepines on intruder behavior**..... 413

Flaherty, C. F., Becker, H. C., & Driscoll, C. **Conditions under which amobarbital sodium influences contrast in consummatory behavior**..... 122

Frank, R. A., Preshaw, R. L., & Stutz, R. M. **The effect of train duration of rewarding stimulation on food self-deprivation** 158

Freedman, N. L. See Beninger, R. J.

Frisken, N. L. See Ossenkopp, K.-P.

Frommer, G. P. See Ackil, J. E.

Gage, F. H. See Chafetz, M. D.

Geiselman, P. J. See Martin, J. R.

George, C. A. See Mactutus, C. F.

Gliner, J. A., Bunnell, D. E., & Horvath, S. M. **Hemodynamic and metabolic changes prior to speech performance** 108

Goetsch, V. L., & Isaac, W. **Age and visual sensitivity in the rat**..... 199

Goodman, I. J. See Cross, J. D.

Goomas, D. T. **Single-alternation pattern running in amygdalectomized rats**..... 368

Gould, J. See Maltzman, I.

Gray, J. A. See Feldon, J.

Green, S. E. See Cleeves, L.

Greenough, W. T. See London, J. A.

Gregorič, M. See Boelhouwer, A. J. W.

Guic-Robles, E., Venable, N., Acevedo, I., Aramburu, B., & Pinto-Hamuy, T. **Recovery of visual pattern discrimination by rats without visual cortex when trained by fading procedure** 175

Hennessy, M. B., Vogt, J., & Levine, S. **Strain of foster mother determines long-term effects of early handling: Evidence for maternal mediation** 153

Horvath, S. M. See Gliner, J. A.

Iacono, W. G. See Lykken, D. T.

Isaac, W. See Goetsch, V. L.

Jennings, J. R. **Beat-by-beat vascular responses during anticipatory heart rate deceleration** 422

Kesner, R. P., & Andrus, R. G. **Amygdala stimulation disrupts the magnitude of reinforcement contribution to long-term memory** 55

Kiefer, S. W. See Braun, J. J.

Kimmel, S. C. See Volpicelli, J. R.

Langdon, B. See Maltzman, I.

Lasiter, P. S. **Cortical substrates of taste aversion learning: Direct amygdalocortical projections to the gustatory neocortex do not mediate conditioned taste aversion learning**..... 377

Lasiter, P. S. See Braun, J. J.

LeVere, N. D., & LeVere, T. E. **Recovery of function after brain damage: Support for the compensation theory of the behavioral deficit** 165
LeVere, T. E. See LeVere, N. D.
Levine, S. See Hennessy, M. B.
Lieblich, I. See Ben-Shakhar, G.
London, J. A., & Greenough, W. T. **Evoked potential evidence for a stripe-rearing effect on rat visual cortex** 51
Lykken, D. T., Tellegen, A., & Iacono, W. G. **EEG spectra in twins: Evidence for a neglected mechanism of genetic determination** 60
Lyons, G. M. See McCanne, T. R.
Mactutus, C. F., Ferek, J. M., George, C. A., & Riccio, D. C. **Hypothermia-induced amnesia for newly acquired and old reactivated memories: Commonalities and distinctions** 79
Maltzman, I., Gould, J., Pendery, M., & Wolff, C. **Task instructions as a determiner of the GSR index of the orienting reflex** 235
Maltzman, I., & Langdon, B. **Novelty and significance as determiners of the GSR index of the orienting reflex** 229
Maltzman, I., Vincent, C., & Wolff, C. **Verbal conditioning, task instructions, and inhibition of the GSR measure of the orienting reflex** 221
Martin, J. R., Geiselman, P. J., & Novin, D. **Feeding pattern of rabbits following intraduodenal glucose infusion as a function of caloric load, fasting interval, and vagal denervation** 273
Martin, J. R., & Novin, D. **Visceral control of drinking in rats** 350
Marton, M. See Szirtes, J.
McCanne, T. R., & Lyons, G. M. **Self-report of heart activity during stress, actual heart activity, and subsequent ability to control heart rate during feedback** 431
Meyer, D. R. See Cloud, M. D.
Meyer, P. M. **Editorial** 1
Meyer, P. M. See Cloud, M. D.
Militzer, K., & Reinhard, H.-J. **Rank positions in rats and their relations to tissue parameters** 251
Moore, J. W., & Stickney, K. J. **Goal tracking in attentional-associative networks: Spatial learning and the hippocampus** 202
Erratum 305
Mowrey, H. See Richardson, R.
Nonneman, A. J. See Vicedomini, J. P.
Novin, D. See Martin, J. R. (2)
Oatman, L. C. **Spectral analysis of cortical EEG activity during visual attention** 336
Ossenkopp, K.-P., & Frisken, N. L. **Defecation as an index of motion sickness in the rat** 355
Overmier, J. B., & Patten, R. L. **Teleost telencephalon and memory for delayed reinforcers** 74
Patten, R. L. See Overmier, J. B.
Pendery, M. See Maltzman, I.
Pinto-Hamuy, T. See Guic-Robles, E.
Pittenger, D. J. See Wellman, P. J.
Porges, S. W., & Coles, M. G. H. **Individual differences in respiratory-heart period coupling and heart period responses during two attention-demanding tasks** 215
Preshaw, R. L. See Frank, R. A.
Quartermain, D., & Altman, H. J. **Facilitation of retrieval by d-amphetamine following anisomycin-induced amnesia** 283
Randich, A. **Sinoaortic baroreceptor reflex are modulation of nociception in spontaneously hypertensive and normotensize rats** 267
Rawlins, J. N. P. See Feldon, J.
Ray, R. L., & Emurian, H. H. **Repeated elicitation of the blood pressure response** 321
Reinhard, H.-J. See Militzer, K.
Riccio, D. C. See Mactutus, C. F.
Riccio, D. C. See Richardson, R.
Richardson, R., Riccio, D. C., & Mowrey, H. **Retrograde amnesia for previously acquired Pavlovian conditioning: UCS exposure as a reactivation treatment** 384
Schomaker, L. R. B. See Boelhouwer, A. J. W.
Sigmundi, R. A. See Fanselow, M. S.
Smith, R. F. **Taming effect of PCPA and 5-HTP in septal rats** 317
Stickney, K. J. See Moore, J. W.
Stutz, R. M. See Frank, R. A.
Szirtes, J., Marton, M., & Breuer, P. **Lambda potential in the rhesus monkey** 261
Tellegen, A. See Lykken, D. T.
Thompson, R. **Brain lesions impairing visual and spatial reversal learning in rats: Components of the "general learning system" of the rodent brain** 186
Thompson, R. **Impaired visual and spatial reversal learning in brain-damaged rats: Additional components of the "general learning system" of the rodent brain** 293
Thornton, E. W., & Evans, J. C. **The role of habenular nuclei in the selection of behavioral strategies** . 361
Tiven, J. See Volpicelli, J. R.
Torello, M. W. See Berntson, G. G.
Treichler, F. R., & Conley, E. J. **Posterior cortical lesion influences on successive discrimination reversal performance by rats** 405
Uguru-Okorie, D. C. **Nigrostriatal dopaminergic control of operant and spatial behavior in the rat** .. 97
van den Bosch, W. E. J. See Boelhouwer, A. J. W.
Venable, N. See Guic-Robles, E.
Vicedomini, J. P., Corwin, J. V., & Nonneman, A. J. **Behavioral effects of lesions to the caudate nucleus or mediodorsal thalamus in neonatal, juvenile, and adult rats** 246
Vincent, C. See Maltzman, I.
Vogt, J. See Hennessy, M. B.
Volpicelli, J. R., Tiven, J., & Kimmel, S. C. **The relationship between tension reduction and ethanol consumption in rats** 114
Weese, G. D. See Ackil, J. E.
Wellman, P. J., Pittenger, D. J., & Wikler, K. C. **Diet palatability and amphetamine-induced anorexia** 117
White, N. See Coulombe, D.
Wikler, K. C. See Wellman, P. J.
Wilcott, R. C. **Frontal lesions and the rate of operant behavior in the rat** 371
Wittman, T. K. See DeVietti, T. L.

Wolff, C. See Maltzman, I. (2)
